What is an ALA-accredited program?

A complete list and details of accreditation can be found at <https://www.ala.org/educationcareers/accreditedprograms>. This site includes schools that offer an ALA-accredited program through distance education.

Can I apply to all three scholarships?

Yes, you can apply for any of our scholarships provided you fulfill the requirements as outlined in the Scholarship Application Form. Please note an applicant may be successful in anywhere between none and all of the scholarship applications.

How often can I apply?

Each award will be granted a maximum of two times to one individual. If you do meet the eligibility requirements, but are unsuccessful for one application year, you may and are encouraged to try again the following year. Please note that previous awarding of a scholarship does not guarantee a successful second application. Note as well, successful applicants are not automatically considered for a second year. A new application must be submitted for every scholarship year for consideration.

Do all applicants receive scholarships?

All three scholarships offered by the MLA are competitive. Meeting minimum requirements does not mean a successful application. Ensure all documents are fully completed, including reference letters, resume, transcripts and your personal statement. Please note amounts given may vary year to year.

How are applicants rated?

The scholarship committee considers a range of elements including academic achievement, references' recommendations, personal statement of career goals, leadership abilities and professional potential. Scholarship committee members from the MLA executive rotate annually.

When will I find out if I am a successful applicant?

Members of the Manitoba Library Association's scholarship committee meet shortly after the application deadline. Successful applicants are contacted at the latest mid-July. Unsuccessful applicants will also receive notification.

What if I am unable to finish my coursework after receiving the scholarship?

A scholarship recipient that later withdraws from their program will have to repay on a pro-rated basis the remainder of the scholarship money to the scholarship fund. Individuals who have withdrawn from their program should contact the Manitoba Library Association as soon as possible in order to discuss repayment.
